

Medium weight pressure hoses, suction hoses, and transport hoses for universal applications.

### Temperature range

0 °C to 70 °C

### Application ranges

Suction technology, Plant engineering, PVC hoses, Suction hoses, small shavings and solids

### Length

Standard length: 10 m.

### Variant/Detailed View/Recommended connectors

### Properties

- Flexible
- Lightweight to medium weight
- Smooth interior
- Wall thickness: 1,00 mm

# Technical specifications

Inner-Ø (mm)	Bending radius (mm)	Pressure (bar)	Vacuum (bar)	Weight (kg/m)	Length (m)	Price (€/m)	Article no.
